

## Certificate of RoHS Compliance

This document certifies that all components which are provided by KOHER meet the requirements of the RoHS Directive (EU) 2015/863 amending Annex II to Directive 2011/65/EU.

| RoHS Restricted Substance | Allowable Limit |
|---------------------------|-----------------|
|                           |                 |
|                           |                 |
|                           |                 |
|                           |                 |
|                           |                 |
|                           |                 |
|                           |                 |
|                           |                 |
|                           |                 |
